Team Health Assessment

Assessment Questions & Reflection Prompts

The Team Health Assessment (THA) helps teams develop a shared view of how they work, perform, learn, and adapt. It combines 25 rating statements across five domains with three open-ended reflection questions.

Rating scale: For each statement, select one response: **1 — Strongly disagree**, **2 — Disagree**, **3 — Neither agree nor disagree**, **4 — Agree**, or **5 — Strongly agree**. Answer based on your experience.

1. Clarity

Purpose, priorities, roles, expectations, and alignment.

1. I understand our team’s purpose and how it connects to the broader mission.

2. Our priorities are clear and consistently communicated.

3. I understand what success looks like in my role.

4. Our stated priorities remain stable even during change.

5. There is alignment between what we say is important and where we focus.

2. Performance

Follow-through, progress tracking, resources, workload, and execution rhythm.

6. Our team consistently follows through on commitments.

7. We track progress against goals in a meaningful way.

8. We have the resources needed to meet expectations.

9. Workloads are manageable and sustainable.

10. Our team operates with a clear and consistent execution rhythm.

3. Adaptability

Problem identification, course correction, feedback, and learning.

11. We identify problems quickly.

12. We adjust course when something isn’t working.

13. We actively seek out better ways of doing things.

14. We use feedback to improve how we work.

15. We learn from mistakes and use those lessons in future work.

4. Resilience

Navigating setbacks, mutual support, recovery, open discussion, and responding to change.

16. Our team can navigate setbacks without losing sight of its purpose.

17. We support one another during periods of pressure or uncertainty.

18. We recover and regain momentum after difficult periods.

19. We can discuss challenges openly and constructively.

20. We adapt our approach when circumstances change.

5. Leadership

Direction, listening, constructive disagreement, support, and learning rather than blame.

21. Leadership communicates a clear direction for the team.

22. Leadership listens to and considers different perspectives.

23. People are encouraged to raise concerns or disagree respectfully.

24. Leadership provides the support and resources needed to succeed.

25. Leadership helps the team learn and improve, rather than focusing only on blame.

Open-Ended Reflection Questions

1. What most helps your team perform at its best?

2. What most gets in the way of your team's effectiveness?

3. What is one thing leadership could improve?

Confidentiality reminder: Do not include names or identifying details in open-ended responses. The tool is intended to support compiled team-level results, not evaluation of individual employees. With very small groups, anonymity cannot be guaranteed.
